

*This opportunity to gather and record stories of the Omaha Jewish community's contributions to their country's victory in World War II has been made possible through funding by the Rose Blumkin Foundation in memory of Sam Klein. A nephew of Mrs. Blumkin's, Klein died in Italy at age 19 in 1944 while serving his country. The historical society would like to thank members of the Blumkin Family, including Anne Rosenblatt, Frances Batt, Cynthia Schneider and Sylvia Cohn for sharing their memories, and Robert Batt for his assistance in researching Sam's military record. We also wish to especially to recognize Corrine Klein Kamerow for her generous donation of her cousin Sam's letters and military medals to the NJHS so his story could be told.*
